CAREER SUMMARY

Accomplished **Senior Mobile Application Developer with 8+ years** of experience delivering scalable, secure, and high-performance mobile applications across **healthcare, e-commerce, IoT, POS, AI, and social media domains. Proficient in Kotlin, Java, React Native, and iOS development with TypeScript/JavaScript.** Deep expertise in MVVM, SOLID principles, REST API integration, BLE device communication, and secure payment systems (**WizarPOS, Dejavoo, Stripe, PayPal, SSL, bKash, Nagad**). Proven record of leading SDLC projects from concept to deployment, achieving 100% on-time delivery. Successfully published apps on Google Play Console and Apple App Store. Recognized for mentoring teams, driving code quality, and optimizing user experiences through rigorous testing and innovative problem-solving.

CORE TECHNICAL SKILLS

- **Languages:** Kotlin, Java, JavaScript, TypeScript
- **Frameworks & Libraries:** Android SDK, Jetpack (Compose, Room, Hilt, Navigation), React Native, Retrofit, Firebase
- **Architectures:** MVVM, MVC, SOLID Principles
- **Testing:** JUnit, Mockito, Espresso
- **Specialized Areas:** BLE & IoT Device Integration, Secure Mobile Transactions, Biometric Authentication, Performance Optimization, Push Notifications, ESC POS Printers, Star Printer SDK, SUNMI Device Printing, WizarPOS (Cloud API & AIDL), Dejavoo Payment SDK, Stripe, PayPal
- **Tools & DevOps:** Git (GitHub, GitLab, Bitbucket), Firebase CI/CD, Android Studio, VS Code

EXPERIENCE

DataCrunch Ltd. – Senior Software Engineer(September 2025 – Present)

- Leading mobile development for AmlCredible, an AI-based project using React Native (TypeScript) for both Android and iOS platforms.

- - Implemented Google Authentication, Google Maps API, Firebase services, PayPal integration, and robust REST APIs.
-

Silicon Orchard Ltd – Software Engineer(June 2023 – September 2025)

- Developed and optimized **3+ high-performance Android apps**, reducing load times by **30%**.
 - Delivered **2 cross-platform React Native apps**, achieving **95% user satisfaction** and reducing development time by **20%**.
 - Improved three underperforming apps (previously <40% crash-free users), achieving **>95% crash-free rate** in all apps.
 - Led **4+ end-to-end SDLC projects**, ensuring **100% on-time delivery** with minimal defects.
-

Zaynax Group – Android Developer(Jan 2021 – Jun 2023)

- Developed and maintained **Zaynax Health** (Healthcare app: appointment booking, audio-video consultations, payments, real-time chat).
 - Enhanced security by implementing the **SSLCommerz payment gateway** and **biometric authentication**.
 - Optimized data flows, improving **real-time chat and video consult stability by 70%**.
 - **Crash-free user is 98%**
 - Awarded **Employee of the Month (Jul 2022)** for outstanding delivery on Zaynax Health.
-

pbazaar.com – Android Developer(Jul 2019 – Dec 2020)

- Built and maintained **Bangladesh's largest real-estate marketplace app**.
 - Improved onboarding with **Google & Facebook Sign-in**, increasing user registration by **25%**.
 - Contributed to a **poultry management app** with IoT device integration for smart farming.
-

Rongginn IT Ltd – Junior Android Developer(Jan 2019 – Jun 2019)

- Developed a **launch tracking module** with live GPS tracking and Google Maps API integration.
 - Implemented offline features (dictionary app, store locator) using **SQLite & Firebase**.
-

MCC Ltd – Junior Android Developer(Feb 2018 – Dec 2018)

- Built **Meena Game (UNICEF)** to promote social awareness among children.
- Built **Multi-Channel and Single-Channel TV** app with **live streaming** functionality

PROJECT HIGHLIGHTS

- **AmlCredible** → AmlCredible is an AI-based real-time fact-checking platform with a credibility score
 - **6969: Spill Tea with Squad** → [Play Store Link](#)
Stop scrolling through fake photos and filtered lives. 6969 is the anti-social app for your real squad. No pics, no texts, just voice.
 - **Zaynax Health** → [Play Store Link](#)
Healthcare app with doctor booking, payments, video consultations, and real-time chat.
 - **zDrop** → [Play Store Link](#)
E-commerce platform with secure transactions, seller-buyer chat, and order tracking.
 - **Poultry Manager** → [Play Store Link](#)
IoT-integrated farming app for real-time poultry management.
 - **Mporeo** → Restaurant Management system with POS print and Stripe payment gateway implementation
 - **MPOS Print server App** →
A comprehensive Android application for managing and printing to Bluetooth, Network, and USB printers with advanced permission handling and notification support.
 - **MV Manami** → A ticket booking app with a Payment Gateway implementation, with a launch tracking module with live GPS tracking and Google Maps API integration
 - **Event Attendee Manager (React Native)** →
User can create an Event, RSVP, QR scan attendance system, push notification, comment, and many more
-

EDUCATION

- **B.Sc. in Computer Science** – National University, Dhaka, Bangladesh (2017)
-

CERTIFICATIONS & AWARDS

- Google Certifications: Mobile Sites Certification, AdWords Mobile Certification, Google Analytics Individual Qualification
- **Employee of the Month – Zaynax Health (Jul 2022)**
- Trainer: Govt. Projects – SDMGA, TQI ii (Education Ministry), E-shop Project (ICT Ministry)
